Last summer was ~~weary~~ ^{nice} ~~good~~
I had school in June
I had ~~already~~ ready my final exam
it was over on June 15

Then my holiday started
All my friends had come

~~I missed all~~

I was miss very much all my friends

I met all of them

Göktauy and Selim come from Germany

We didn't see each other for a long time

Then I went to Trabzon

I was very happy

Because I ~~had~~ don't have been for a long time

~~Last time I went~~

I stayed ~~at~~ there for two weeks

Then I went to the summer house

I went swimming in the sea

and I played beach volleyball

Everything was perfect

I was with my cousin

Last summer ~~was~~ it was very busy and beautiful

Then I went to back Istanbul

I rested in my last days

And I started school

I am a really boring person

my ~~my~~ daily routine is

first if I have school, I wake up at ~~seven~~ in the morning

But I don't have school ~~usually~~ usually I wake up at twelve noon

I play on my phone in bed

~~Then~~ Then I stay and I go to the my mom

usually just my mom stay~~s~~ in the house

my brothers go to work.

my dad is sometimes at home

I don't like ~~having~~ ^{doing} breakfast

Usually, I ~~do it~~ ^{doing} two hours later

if I have school I don't have breakfast

I drink coffee at school

if I don't have school I

I eat something ~~at~~ at home

Then my mom says me enough → enough

And we start cleaning the house

My mom loves Turkish coffee very much

And I make coffee for myself and my mom
after the cleaning the house

my days usually go like this

if I have any plan I go outside

usually ~~see~~ calls me

And we are meet

we have dinner together in the evening

my brother plays game in my room

I don't like this ~~at~~

I like working at night

That's why if I have homework or work

I do ~~it~~ at night

Then I do my skincare routine

And I get ready ~~and~~ go to bed
